

Material Safety Data Sheet

Issued Date: MAY / 2nd / 2016

Section 1 Chemical Product and Company Identification

Product Name: LASH STUFF EYELASH CONDITIONER

Product Type: Eyelash Conditioner

Chemical Name: Chemical mixture

Company Address:

LASH STUFF LLC 1638 N WASHINGTON BLVD. 104 OGDEN UTAH 84404

Contact Information: Telephone:

844-527-4788

Internet:

Section 2 Hazards Identification

Hazard statement

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

Eye : Not expected to be irritating to the eye.

Skin: Not expected to be irritating, sensitizing, photo-allergenic or photo-toxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to mild and transient.

Inhalation: Not expected to be irritating to the respiratory system.

Ingestion: Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting, and diarrhea.

Section 3 Composition/Information on Ingredients

INCI	CAS No.
D.I Water	7732-18-5
Glycerin	56-81-5
Alcohol	64-17-5
Butylene Glycol	107-88-0
Carbomer	9003-01-04
Sodium PCA	54571-67-4
Hydrolyzed Collagen	73049-73-7
Hydrolyzed Oats	-
Betaine	107-43-7
Methylparaben	99-76-3
Phenoxyethanol	122-99-6
Disodium EDTA	139-33-3
Benzophenone-4	4065-45-6
amamelis Virginiana(Witch Hazel)Extra	84696-19-5
CI 15985	2783-94-0

Section 4 First aid measures

First Aid: General

Move the exposed person to fresh air at once. Get medical attention if any discomfort continues.

First Aid: Eyes

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, consult a physician. If the eye is accidentally scratched with a mascara brush, consult a physician immediately.

First Aid: Skin

Discontinue use of product. Apply cold compresses to affected area to relieve any discomfort. If discomfort persists, consult a physician.

First Aid: Ingestion

Accidental ingestion of product may necessitate medical attention. Do not induce vomiting.

First Aid: Inhalation

If respiratory irritation occurs, remove individual to fresh air.

Section 5 Fire Fighting Procedure

Flash Point

>212°F(>100°C) (Cleveland Open Cup (USP 24)). Value based on similar technology.

Autoignition Temperature

Not available.

Flammable Limits Upper Not

applicable **Extinguishing Media**

Use chemical foam, dry chemical, Carbon dioxide or water.

Unsuitable Extinguishing Media

None

Fire Fighting Equipment/Instructions

Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives.

Section 6 Accidental Release Measures

Recovery and Neutralization

Stop the flow of material, if this is without risk.

Materials and Methods for Clean-Up

Adequately ventilate area and clean up in accordance with local regulations.

Emergency Measures

Isolate area. Keep unnecessary personnel away. **Personal**

Precautions and Protective Equipment None .

Environmental Precautions

Prevent entry into natural bodies of water.

Prevention of Secondary Hazards

None.

Section 7 Precautions for Safe Handling and Storing

Handling Procedures

Handle in accordance with good industrial hygiene and safety practices. These practices include avoiding unnecessary exposure and removal of the material from eyes, skin and clothing. Wash thoroughly after handling.

Storage Procedures

Store in cool (10 -15°C), dry area away from sun and heat. Keep containers tightly closed. Ventilate well and avoid breathing vapors. Keep away from heat, sparks, flame and other ignition sources.

Incompatibilities

Water, alcohols, sunlights and direct UV

Section 8 Exposure Controls/Personal Protection

Ventilation

Provide adequate general and local exhaust ventilation.

Protective Gloves Use

protective gloves. **Eye**

Protection

Wear splash -proof eye goggles to prevent any possibility of eye contact.

Other Protection

LASH STUFF LLC
1638 N WASHINGTON BLVD
OGDEN UTAH 84404

Wear appropriate clothing to prevent any possibility of liquid contact and repeated or prolonged vapor contact.

LASH STUFF LLC
1638 N WASHINGTON BLVD
OGDEN UTAH 84404

Section 9 Physical/Chemical Characteristics

Appearance	A cream shape with color
Odor	Fitting to the standard
Stability pH	Stable for 3 days (45°C)
Microbe(cells/cc)	4.5 ~ 5.5
As(ppm)	None
Heavy Metal(Pb, ppm)	10 max
Methanol	20 max
	Less than 0.2 v/v%

Section 10 Chemical Stability & Reactivity Information

Conditions to Avoid

No applicable information has been found.

Section 11 Toxicological Information

Not Documented.

Section 12 Ecological Information

The product ingredients are expected to be safe for the environment at concentrations predicted under normal product use and geographic dispersion. Packaging components are compatible with the conventional solid waste management practices.

Section 13 Disposal Considerations

Waste Disposal Instructions

Dispose it in accordance with local and national regulatory requirements.

Section 14 Transportation Information

IATA Information

Shipping Name: Not Regulated

ICAO Information

Shipping Name: Not Regulated

IMDG Information

Shipping Name: Not Regulated

LASH STUFF LLC
